Dear Mrs. Sattamini:

I am a regular member of Amnesty International and the group leader for the newly formed USA Amnesty Group #2 in Phila., Pa. consisting of fourteen members.

With regard to the letters concerning the outrageous treatment of your son that you sent to the Brazilian Minister of Justice and to Mr. MacBride, my group possesses an Amnesty translation of the former and a copy of the latter.

We are ready to help and we will scrupulously adhere to your requests to avoid publicity and to refrain from mentioning the torture of your son when writing to Brazilian officials.

Permit me to express, on behalf of our group, our profoundist sympathies to you for the hardships that you, and especially your son, have endured.

Please feel free to contact our group, care of myself, at any time.

We certainly hope that we can be helpful.

Sincerely,

*Stanley D. Baurys*
